DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of Group I, claims 1-10 and 12-28 in the reply filed on 03/14/2005 is acknowledged.

Priority

2. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Information Disclosure Statement

3. The listing of references in the specification is not a proper information disclosure statement. 37 CFR 1.98(b) requires a list of all patents, publications, or other information submitted for consideration by the Office, and MPEP § 609 A(1) states, "the list may not be incorporated into the specification but must be submitted in a separate paper." Further, 37 CFR 1.98(a)(2) requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. Therefore, unless the references have been cited by the examiner on form PTO-892, they have not been considered.

Oath/Declaration

4. The oath or declaration filed on 10/21/2003 is acceptable.

Drawings

5. The drawings filed on 10/21/2003 are acceptable.

Allowable Subject Matter

6. Claims 1-18 are allowed.

Claims 1-18 are allowable over the references of record because none of these references disclosed or can be combined to yield the claimed invention such as an electrically conducting boron phosphide crystal layer provided between the ohmic electrode and the Group III-nitride semiconductor crystal layer wherein the ohmic electrode is in contact with the boron phosphide crystal layer as recited in claims 1, 11, 14, 16.

Conclusion

7. This application is in condition for allowance except for the following formal matters as noted above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
